FINAL ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 2. Claims 9 and 10 are rejected under 35 U.S.C. 102(b) as being anticipated by USPN 4,883,703 to Riccio.

Regarding claim 9, the reference teaches a resin layer (resin molded product) having applied thereto a thermal spray of molten metal particles which penetrate but are not enveloped by the resin (fine metal powder formed directly on the resin, wherein tip ends of the particles of the fine metal powder are impaled and forced into the resin molded surface) (see abstract and col 3, lines 29-34).

Regarding claim 10, the reference teaches a resin layer (resin molded product) having applied thereto a thermal spray of molten metal particles which penetrate but are not enveloped by the resin (fine metal powder formed directly on the resin, wherein tip ends of the particles of the fine metal powder are impaled and forced into the resin molded surface) (see abstract and col 3, lines 29-34) and a metal layer (film) formed on the layer of metal particles (col 4, lines 1-8).

Response to Arguments

3. Applicant's arguments with respect to claims 9 and 10 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion.

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
